1. Introduction

Bahrain's Anti Money Laundering framework is laid out in Bahrain's 'Anti Money Laundering Law 2001'. The regulations and guidelines of the Bahraini AML/CFT framework include a risk-based approach, customer due diligence ("CDD") measures, reporting of suspicious transactions, policies and procedures and guidelines on the retention of records.

2. Scope

The 'Bahrain - AML KYC Regulations' report may be used as a reference to highlight information from Bahrain's '*Bahrain Anti Money Laundering Law 2001*', '*Anti-Money Laundering & Combating Financial Crime*' and '*Amendments to the Anti Money Laundering and Combating Financial Crimes (Module AML)*'.

Under the guidelines from the Central Bank of Bahrain and the aforementioned Act(s), this document highlights the necessary requirements for AML and KYC procedures, in particular, Identity Verification required in Bahrain. These requirements are approximated from relevant information/laws/directives from the aforementioned document.

5. Due Diligence Requirements

5.1. Identity Verification Requirements

As per the requirements of Bahrain's regulations, these are the following ID attributes required for the purpose of identifying a natural person (Individual) from official documents.

- Full Name;
- Date of Birth;
- Place of Birth;
- Nationality;
- Full Permanent Address;
- Passport number (if the customer is a passport holder);
- CPR or Iqama number (for residents of Bahrain or GCC states).

5.2. Compliant CDD Methods

We (Shufti Pro) may apply one or more of the following measures at the request of the Client to perform Identity Verification on its behalf. Where an End-user is an individual, who does not present himself to the Client for verification in physical presence.

- 5.2.1. Shufti Pro shall perform verification of the End-user's identity on the basis of documents that are highlighted in 5.3. These documents provide reasonable reliability to the confirmation of the identity in Bahrain. Shufti Pro shall ensure that documents being utilised are photo-based biometric identification documents that suffice requirements for Identity Verification.

- 5.2.2. Shufti Pro can also perform verification of the End-user's identity through a real-time audio-video transmission, where a live, interactive video session is carried out between an Identification Expert and the End-user. During this session, the End-user will be asked to show their identity documents. The End-user will also be asked to perform some random gestures as a part of a liveness check.
- 5.2.3. For the purpose of verifying the End-user's identity, Shufti Pro shall also verify the documents that are submitted. We utilise our specialised Document Verification service to perform checks on the authenticity of the document. This includes checks on security features such as holograms, tapered/crumpled edges, doctored elements, form inconsistencies, document expiration, MRZ, reflected colours and microprinting.

5.3. Documents Required for Verification

The following documents are considered in Bahrain as Proof of Identity:

Identity Verification

- A valid passport;
- Iqama;
- A valid driver's licence;
- A National Identity Card.

Address Verification

The following documents are considered as proof of address:

- A current utility bill (such as gas, electricity, telephone or mobile phone bill);
- A document issued by a government department that shows the End-user's address and name;
- A bank statement (no older than 3 months that shows the End-user's address and name).

5.4. Timing of Verification

Identity Verification is not limited to a one-time, one instance process. In fact, it is required in multiple instances as per regulations. The application and choice of when to deploy

Identity Verification procedures depend on your requirements and it's conveyance to Shufti Pro.

You are to pursue Identity Verification when you onboard a new Customer. If you are dealing with transaction data, you should apply Identity Verification as per the monetary thresholds defined in Bahraini regulations. In other instances, Identity Verification becomes more important to employ if you face higher risks from your Customers. A high-risk situation would be any instance where an Individual might represent above normal exposure of money laundering related threats to you.

6. Politically Exposed Persons and EDD Measures

As per the Enhanced Due Diligence requirements under Bahraini regulations, you are required to determine if your Customer is a Politically Exposed Person, holds a public office, or exhibits a higher risk profile. In order to fulfil your obligations, Shufti Pro provides you it's AML Screening service. The service screens an individual's selected ID attributes of *Name* and *DOB* against watchlists of global regulatory authorities, foreign and domestic databases, compromised PEPs and sanctioned individuals.

The service highlights the category of the PEP based on the degree of risks they pose and also any immediate family member, or a close associate of the PEP.

You may utilise such services as per your requirements. This includes before or after establishing a relationship with your Customer.

7. Reliance on External Services

Bahrain's regulations state that you may seek the services of a third party to apply measures of due diligence. Regulations also require you to collect all such data (Diligence Information) from the third party, without undue delay. In this scenario, we will be the external third-party service provider to you.

Bahrain's Act states that you, regardless of reliance on a third party, remain liable for maintaining all such compliance and fulfilling AML and KYC obligations.

8. Record Retention

As per Bahraini regulations, you are required to retain data for not less than five (5) years. These are a part of your AML and KYC obligations for due diligence. In the case where this information is processed, collected and managed by a relevant third-party, you are liable to

collect all such necessary information (Due Diligence Data) from the third party without undue delay.
