5. Due Diligence Requirements

5.1. Identity Verification Requirements

As per the requirements of the Benin regulations, these are the following ID attributes required for the purpose of identifying a natural person (Individual) from official documents.

- Name;
- Address.

5.2. Compliant CDD Methods

We (Shufti Pro) may apply one or more of the following measures at the request of the Client to perform Identity Verification on its behalf. Where an End-user is an individual, who does not present himself to the Client for verification in physical presence.

- 5.2.1. Shufti Pro shall perform verification of the End-user's identity on the basis of independent sourced documents that are highlighted in 5.3. These documents provide reasonable reliability to the confirmation of the identity in Benin. Shufti Pro shall ensure that documents being utilized are photo-based biometric identification documents that suffice requirements for Identity Verification.
- 5.2.2. For the purpose of verifying the End-user's identity, Shufti Pro shall also verify the documents that are submitted. We utilize our specialized Document Verification service to perform checks on the authenticity of the document. This includes checks on security features such as holograms, tapered/crumpled edges, doctored elements, form inconsistencies, document expiration, MRZ, reflected colors and microprinting.

5.3. Documents Required for Verification

The following documents are considered in Benin as Proof of Identity:

Identity Verification

- Identity Card;
- Passport;
- Driving License.

Address Verification

The following documents are considered in Benin as proof of address:

- A current utility bill (such as gas, electricity, telephone or mobile phone bill); (issued no more than three months ago that shows the End-user's address and name);
- Government department Issued document (containing End-users address and name);
- Bank statement (not older than 3 months, containing End-users address and name).

5.4. Timing of Verification

Identity Verification is not limited to a one-time, one instance process. In fact, it is required in multiple instances as per recommendations. The application and choice of when to deploy Identity Verification procedures depend on your requirements and it's conveyance to Shufti Pro.

You are to pursue Identity Verification when you onboard a new Customer. If you are dealing with transaction data, you should apply Identity Verification as per the monetary thresholds defined in Benin's regulation. In other instances, Identity Verification becomes more important to employ if you face higher risks from your Customers. A high-risk situation would be any instance where an Individual might represent above normal exposure of money laundering related threats to you.

6. Politically Exposed Persons and EDD Measures

In the absence of explicit regulations, clients on their discretion, may utilize the Enhanced Due Diligence measures for high risk End-users. Shufti Pro provides you it's AML Screening service, which screens an individual's selected ID attributes of Name and DOB against watchlists of global regulatory authorities, foreign and domestic databases, compromised PEPs and sanctioned individuals. You may utilize such services as per your requirements. This includes before or after establishing a relationship with your Customer.

7. Reliance on External Services

In the absence of explicit regulations, clients on their discretion, may seek the services of a third party for fulfilling AML/KYC obligations. Regardless of reliance on a third party, the client will remain liable for maintaining regulatory compliance as well as fulfilling AML and KYC obligations.

8. Record Retention

As per Benin's regulations, you are required to retain data for not less than ten (10) years. These are a part of your AML and KYC obligations for due diligence. In the case where this information is processed, collected and managed by a relevant third-party. You are liable to collect all such necessary information (Due Diligence Data) from the third party without undue delay.
