1. Introduction

The Danish Anti Money Laundering requirements are set in the '*Preventive Measures Against Money Laundering and Terrorist Financing (the Money Laundering Act, Act No. 651)*' which came into effect on 8th June, 2017 and was last amended on 7th May, 2019. The law regulates the rights and obligations of legal persons and natural persons in preventing and detecting money laundering and terrorist financing. The law also contains provisions regarding customer screening, identification, and verification of customers, and the reporting of unusual transactions. Danish Anti Money Laundering laws and regulations transpose the EU Directives on money laundering and keep in line with the FATF Recommendations.

2. Scope

The 'Denmark - AML KYC Regulations' report may be used as a reference to highlight information from Denmark's '*Prevention of Money Laundering and Terrorism Financing Act (Money Laundering Act)*'.

Under the guidelines of the Danmarks Nationalbank, Financial Supervisory Authority (Denmark) and the aforementioned act(s), this document highlights the necessary requirements for AML and KYC procedures, in particular, Identity Verification required in Denmark. These requirements are approximated from relevant information/laws/directives from the aforementioned document.

5. Due Diligence Requirements

5.1. Identity Verification Requirements

As per the requirements of Denmark regulations, these are the following ID attributes required for the purpose of identifying a natural person (Individual) from official documents.

- Name
- Civil registration number /CPR number
- National ID number for foreigners
- Date of birth

5.2. Compliant CDD Methods

We (Shufti Pro) may apply one or more of the following measures at the request of the Client to perform Identity Verification on its behalf. Where an End-user is an individual, who does not present himself to the Client for verification in physical presence.

5.2.1. Shufti Pro shall perform verification of the End-user's identity on the basis of independent sourced documents that are highlighted in 5.3. These documents provide reasonable reliability to the confirmation of the identity in Denmark. Shufti Pro shall ensure that documents being utilized are photo-based biometric identification documents that suffice requirements for Identity Verification.

5.2.2. For the purpose of verifying the End-user's identity, Shufti Pro shall also verify the documents that are submitted. We utilize our specialized Document Verification service to perform checks on the authenticity of the document. This includes checks on security features such as holograms, tapered/crumpled edges, doctored elements, form inconsistencies, document

expiration, MRZ, reflected colors and microprinting.

5.3. Documents Required for Verification

The following documents are considered in Denmark as Proof of Identity:

Identity Verification

- Driver's licence;
- Passport;
- NemID;
- Health Insurance card;
- Birth Certificate;
- Other Valid Photo ID.

Address Verification

The following documents (not older than 3 months) are considered in Denmark as proof of address:

- A current utility bill (such as gas, electricity, telephone or mobile phone bill); (issued no more than three months ago that shows the End-user's address and name);
- Bank statement (issued no more than three months ago that shows the End-user's address and name);
- A document issued by a government department that shows the End-user's address and name.

5.4. Timing of Verification

Identity Verification is not limited to a one-time, one instance process. In fact, it is required in multiple instances as per regulations. The application and choice of when to deploy Identity Verification procedures depend on your requirements and it's conveyance to Shufti Pro.

You are to pursue Identity Verification when you onboard a new Customer. If you are dealing with transaction data, you should apply Identity Verification as per the monetary thresholds defined in Danish regulations. In other instances, Identity Verification becomes more important to employ if you face higher risks from your Customers. A high risk situation would be any instance where an Individual might represent above normal exposure of money laundering related threats to you.

6. Politically Exposed Persons and EDD Measures

As per the Enhanced Due Diligence requirements under Denmark's regulations, you are required to determine if your Customer is a Politically Exposed Person, holds a public office, or exhibits a higher risk profile. In order to fulfill your obligations, Shufti Pro provides you its AML Screening service. The service screens an individual's selected ID attributes of *Name* and *DOB* against watchlists of global regulatory authorities, foreign and domestic databases, compromised PEPs and sanctioned individuals.

The service highlights the category of the PEP based on the degree of risks they pose and also any immediate family member, or a close associate of the PEP.

You may utilize such services as per your requirements. This includes before or after establishing a relationship with your Customer.

7. Reliance on External Services

Denmark's regulations state that you may seek the services of a third party to apply measures of due diligence. Regulations also require you to collect all such data (Diligence Information) from the third party, without undue delay. In this scenario, We will be the external third-party service provider to you.

Denmark's regulations state that you, regardless of reliance on a third party, remain liable for maintaining all such compliance and fulfilling AML and KYC obligations.

8. Record Retention

As per Denmark's regulations, you are required to retain data for not less than five (5) years. These are a part of your AML and KYC obligations for due diligence. In the case where this information is processed, collected and managed by a relevant third-party. You are liable to collect all such necessary information (Due Diligence Data) from the third party without undue delay.
