1. Introduction

To prevent money laundering and terrorist financing, Netherlands adopted their 'Law on the Prevention of Money Laundering and the Financing of Terrorism' (Wwft) by transposing the 4th European Anti Money Laundering Directive into its own legislation and came into force on 25 July 2018. The Law regulates the rights and obligations of legal persons and natural persons in preventing and detecting money laundering and terrorist financing. The Act contains provisions regarding customer screening, identification, and verification of customers, and the reporting of unusual transactions.

2. Scope

5. Due Diligence Requirements

5.1. Identity Verification Requirements

As per the requirements of Netherland's regulations, these are the following ID attributes required for the purpose of identifying a natural person (Individual) from official documents.

- Full name;
- Date of birth;
- Address;
- Place of residence.

5.2. Compliant CDD Methods

We (Shufti Pro) may apply one or more of the following measures at the request of the Client to perform Identity Verification on its behalf. Where an End-user is an individual, who does not present himself to the Client for verification in physical presence.

5.2.1. Shufti Pro shall perform verification of the End-user's identity on the basis of independent sourced documents that are highlighted in 5.3. These documents provide reasonable reliability to the confirmation of the identity in the Netherlands. Shufti Pro shall ensure that documents being utilized are photo-based biometric identification documents that suffice requirements for Identity Verification.

5.2.2. For the purpose of verifying the End-user's identity, Shufti Pro shall also verify the documents that are submitted. We utilize our specialized Document Verification service to perform checks on the authenticity of the document. This includes checks on security features such as holograms, tapered/crumpled edges, doctored elements, form inconsistencies, document expiration, MRZ, reflected colors and microprinting.

5.3. Documents Required for Verification

The following documents are considered in the Netherlands as Proof of Identity:

Identity Verification

- Identity Card;
- Driving Licence;
- Passport;
- Residence Permit.

Address Verification

The following documents (not older than 3 months) are considered in the Netherlands as proof of address:

- A utility bill (gas, electricity, home telephone or other utility) (no older than three (3) months, shows the End-user's address and name);
- A bank statement (no older than three (3) months, shows the End-user's address and name).

5.4. Timing of Verification

Identity Verification is not limited to a one-time, one instance process. In fact, it is required in multiple instances as per regulations. The application and choice of when to deploy Identity Verification procedures depend on your requirements and it's conveyance to Shufti Pro.

You are to pursue Identity Verification when you onboard a new Customer. If you are dealing with transaction data, you should apply Identity Verification as per the monetary thresholds defined in the Netherland's regulations. In other instances, Identity Verification becomes more important to employ if you face higher risks from your Customers. A high-risk situation would be any instance where an Individual might represent above normal exposure of money laundering related threats to you.

6. Politically Exposed Persons and EDD Measures

As per the Enhanced Due Diligence requirements under the Netherland's regulations, you are required to determine if your Customer is a Politically Exposed Person, holds a public office, or exhibits a higher risk profile. In order to fulfill your obligations, Shufti Pro provides you it's AML Screening service. The service screens an individual's selected ID attributes of *Name* and *DOB* against watchlists of global regulatory authorities, foreign and domestic databases, compromised PEPs and sanctioned individuals.

The service highlights the category of the PEP based on the degree of risks they pose and also any immediate family member, or a close associate of the PEP.

You may utilize such services as per your requirements. This includes before or after establishing a relationship with your Customer.

7. Reliance on External Services

Netherland's regulations state that you may seek the services of a third party to apply measures of due diligence. Regulations also require you to collect all such data (Due Diligence Information) from the third party, without undue delay. In this scenario, We will be the external third-party service provider to you.

Netherland's Act states that you, regardless of reliance on a third party, remain liable for maintaining all such compliance and fulfilling AML and KYC obligations.

8. Record Retention

As per Netherland's Act, you are required to retain data for no less than five (5) years. These are a part of your AML and KYC obligations for due diligence. In the case where this information is processed, collected and managed by a relevant third-party. You are liable to collect all such necessary information (Due Diligence Data) from the third party without undue delay.
