1. Introduction

The Turkish AML/CFT legislative framework is set out in the its Law No. 5549 on Prevention of Laundering Proceeds of Crime which includes the application of a risk-based approach, customer due diligence (“CDD”) measures, reporting of suspicious transactions, policies and procedures, record keeping and training.

2. Scope

The ‘Turkey - AML KYC Regulations’ report may be used as a reference to highlight information from the Turkish ‘*Law No. 5549 on Prevention of Laundering Proceeds of Crime*’.

Under the guidelines from the Financial Crimes Investigation Board (MASAK), Central Bank of the Republic of Turkey and the aforementioned Act(s), this document highlights the necessary requirements for AML and KYC procedures, in particular, Identity Verification required in Turkey. These requirements are approximated from relevant information/laws/directives from the aforementioned document.

3. Definitions

- **Client**: Shufti Pro’s customer is referred to as the Client.
- **Customer**: The client’s customer whose subject to the KYC - AML checks.
- **End-user**: The client’s customer is referred to as end-user but from Shufti Pro’s perspective.
- **Document Verification**: The process of verifying the authenticity of a government-issued identity document.
- **Identity Verification**: The process of verifying the identity of the client’s customers.
- **Proof of Identity**: Any government-issued identity document that can be used to identify an individual (natural person).
- **EDD**: Enhanced Due Diligence (EDD) is a process that executes a greater level of scrutiny related to potential business relationships.
- **Third-Party Diligence**: Outsourcing of the due diligence process to an external party by the Client who is originally responsible for carrying out due diligence activities.

- **PEP:** Politically Exposed Person (PEP) is a person with a higher risk for potential involvement in bribery/corruption.
- **Due Diligence:** Refers to the measures taken to mitigate risk before entering into an agreement or carrying out a financial transaction with another party.

5. Due Diligence Requirements

5.1. Identity Verification Requirements

As per the requirements of the Turkish regulations, these are the following ID attributes required for the purpose of identifying a natural person (Individual) from official documents.

- Full Name;
- Date and place of birth;
- Nationality;
- Type and Number of Identification Document;
- Address;
- Turkish Republic ID number.

5.2. Compliant CDD Methods

We (Shufti Pro) may apply one or more of the following measures at the request of the Client to perform Identity Verification on its behalf. Where an End-user is an individual, who does not present himself to the Client for verification in physical presence.

5.2.1. Shufti Pro shall perform verification of the End-user's identity on the basis of documents that are highlighted in 5.3. These documents provide reasonable reliability to the confirmation of the identity in Turkey. Shufti Pro shall ensure that documents being utilized are photo-based biometric identification documents that suffice requirements for Identity Verification.

5.2.2. Shufti Pro can also perform verification of the End-user's identity through a real-time audio-video transmission, where a live,

interactive video session is carried out between an Identification Expert and the End-user. During this session, the End-user will be asked to show their identity documents. The End-user will also be asked to perform some random gestures as a part of a liveness check.

- 5.2.3. For the purpose of verifying the End-user's identity, Shufti Pro shall also verify the documents that are submitted. We utilize our specialized Document Verification service to perform checks on the authenticity of the document. This includes checks on security features such as holograms, tapered/crumpled edges, doctored elements, form inconsistencies, document expiration, MRZ, reflected colors and microprinting.

5.3. Documents Required for Verification

The following documents are considered in Turkey as Proof of Identity:

Identity Verification

- A valid passport;
- A current Turkish driving license;
- A National Identity Card;
- A Residence Permit.

Address Verification

The following documents are considered as proof of address:

- A current utility bill (such as gas, electricity, telephone or mobile phone bill);
- A document issued by a government department that shows the End-user's address;
- A bank statement (no older than three months that shows the End-user's address).

5.4. Timing of Verification

Identity Verification is not limited to a one-time, one instance process. In fact, it is required in multiple instances as per regulations. The application and choice of when to deploy Identity Verification procedures depend on your requirements and it's conveyance to Shufti Pro.

You are to pursue Identity Verification when you onboard a new Customer. If you are dealing with transaction data, you should apply Identity Verification as

per the monetary thresholds defined in Turkish regulations. In other instances, Identity Verification becomes more important to employ if you face higher risks from your Customers. A high-risk situation would be any instance where an Individual might represent above normal exposure of money laundering related threats to you.

6. Enhanced Due Diligence Measures

In the absence of readily available regulations, clients may rely on the Enhanced Due Diligence measures for high risk End-users. Shufti Pro provides you its AML Screening service, which screens an individual's selected ID attributes of Name and DOB against watch-lists of global regulatory authorities, foreign and domestic databases, PEPs and sanctioned individuals. Clients may utilise such services as per their needs. This includes before or after establishing a relationship with their Customer.

7. Reliance on External Services

Turkish regulations state that you may seek the services of a third party to apply measures of due diligence. Regulations also require you to collect all such data (Diligence Information) from the third party, without undue delay. In this scenario, We will be the external third-party service provider to you.

Turkish regulations state that you, regardless of reliance on a third party, remain liable for maintaining all such compliance and fulfilling AML and KYC obligations.

8. Record Retention

As per Turkish regulations, you are required to retain data for not less than eight (8) years. These are a part of your AML and KYC obligations for due diligence. In the case where this information is processed, collected and managed by a relevant third-party. You are liable to collect all such necessary information(Due Diligence Data) from the third party without undue delay.
